SEED PRESALE

Quill

Pay-per-article tips for newsletter writers.

THE PROBLEM

Why Quill

- Readers want to pay for one great article, not a yearly plan.
- Card payments make small tips cost more in fees than they are worth.

THE PRODUCT

How it works

- One line in the newsletter template adds a tip link.
- Readers tip in USDC from any Solana wallet, no account.
- Writers holding $QUILL pay no fee.

THE RAISE

25,000 USDC target, paired with USDC

- Presale backers: 42%
- Locked pool: 42%
- Team, 6 month cliff, 2 years: 10%
- Treasury, 1 month cliff, 1 year: 6%
